ADMISSION BROCHURE 2016 ***MMS***

YCOM – A Place to be...

A Journey of *Transformation!*

Chairman's Message

“Reaching for the sky and beyond”

Journey always begins with that first step towards the unknown and it is not always dark or to be feared. I took a path which was less travelled, but I had the aspiration and the conviction that I was on the right path.

With dreams in my eyes, and courage in my heart I took upon this path of “Education”, which was not a part of my career goal when I became an Ayurvedic practitioner. But somewhere deep down there was an urge to be different. Walking away from the crowd is not always easy but the fervor of my belief, the confidence in my ability and with a dream in my eyes, the journey of Dr. G. D. Pol Foundation educational institutions started. Fire in the belly, passion in the heart and strong will can achieve anything and we have achieved. Today we are a strong group of five institutions, Dental College, Homeopathic College, Ayurvedic College, Nursing College and our Management College. The rising tide, open crest, the ashes that blow can't deter or dim the glow of Dr. G. D. Pol Foundation.

Achievements are immense, glories are galore and the growth and excellence of our institutions is our success story. The bouquet is just being made; many gems will be added in coming days. And said by C. S. Lewis “The tasks of the modern educator is not to cut down jungles, but to irrigate deserts”, we believe in this completely. Therefore, at Dr. G. D. Pol Foundation, the Dental hospital, Ayurvedic hospital, and Homeopathic hospital the students are best in their professions. Eminent corporate personalities are invited to interact with our management students so that education can be complimented with practical experience.

“We do not want to be outstanding we want to stand out amongst the outstanding”.

Dr. G. D. Pol
Chairman
Dr. G. D. Pol Foundation

I/C Director & Dean's Message

“Where the mind is without fear and head held high”

All great innovations are born out of a deep state of discontent. This is why, true innovations historically come from resource - deprived environment. India is no different to this rule. There is an ever growing need to impart the right skills to take on the dynamism of the corporate world.

YMT College of Management has a crucial role to play by offering training, development and right opportunities to the various stakeholders of this knowledge economy.

Students are like sunshine, committed and resourceful in themselves and their minds are full of innovative thoughts whose radiance brings in more energy to the knowledge world.

Our primary aim is to ensure that, only the right kind of talent is admitted to our program. This talent is further honed by way of a rigorous training. Moreover, the students are also subject to cross functional learning, industry interface and appropriate skill and leadership development during the program.

This talent will take up challenging and accountable positions across industries and excel in the tasks assigned to them at all levels.

Few schools in India can match our track record in terms of creating innovative and relevant learning andragogy. We offer a broad range of specialization, which allow you to focus on business functions, industry sectors and special topics such as business and sustainability.

These specializations gives our students a competitive advantage when it comes to managing their career.

Prof. Swati Padoshi
I/C Director & Dean
YMT College of Management

Our Vision

To be a research - driven educational institution of national repute, leveraging knowledge, skills and attitude to create ethical business leaders and technocrats with global perspective.

Our Mission

- ❖ To create and disseminate research based knowledge.
- ❖ To align academic pursuits with industry expectations.
- ❖ To nurture entrepreneurial attitudes to promote creativity, leadership and innovation.
- ❖ To sensitize the students to social and environmental concerns.

Genesis

Dr. G. D. Pol Foundation, earlier known as Yerala Medical Trust and Research Centre was registered in the year 1989 under the Bombay Public Trust Act of 1950.

The prime objective of the trust is to provide quality education to students in the field of medicine, management and information technology.

The state of the art facilities, available at various medical colleges of the trust, are being liberally offered to needy and underprivileged people in and around the community.

The Faculty of Medicine provides free medical treatment, generously to needy members of the society.

Dr. G. D. Pol, the Chairman and Founder, is doctor by profession and his passion for excellence in education has led to the establishment of renowned educational institutions in Navi Mumbai.

The trust has grown into a conglomerate of top class educational institutions offering nine courses -:

- ❖ UG in Homeopathy (B.H.M.S)
- ❖ UG in Ayurveda (B.A.M.S)
- ❖ U.G in Dentistry (B.D.S)
- ❖ PG in Homeopathy (M.D)
- ❖ PG in Ayurveda (M.D)
- ❖ P.G. in Dentistry (M.D.S)
- ❖ School of Nursing
- ❖ P.G. in Management (M.M.S)
- ❖ P.G. in Computer Application (M.C.A)

It is increasingly being recognized as a provider of quality education in Navi Mumbai.

The beautiful campus has a distinctive environment, surrounded by the hills of the Kharghar and at the same time located in the heart of Kharghar and is part of the educational hub of Navi Mumbai.
